

2020 SUMMER MATH PACKETS

The Math Department at Quarry Lane School has a challenging and enriching curriculum. We want to ensure each individual student is well prepared for the following school year. It's important for our students to keep up with their math skill over for the long summer break. Studies indicate that students lose a huge percentage of what they learned from the prior school year.

In order to be proactive, Quarry Lane School Math Department would like to provide you with the following math grade level supplements. These packets are for you and your child to practice during the long summer break. Each packet contains practice worksheets. Your child can do the practice worksheets at their own pace.

Please encourage your student to complete this work, grade it using the answer keys provided and return it to their math teacher during the first week of school to receive a free dress pass.

Have a safe and fun-filled summer!

Entering Kindergarten

- [Math Packet](#)
- [Answer Key](#)

Entering 1st Grade

- [Math Packet](#)
- [Answer Key](#)

Entering 2nd Grade

- [Math Packet](#)
